When I'm sad,
I think about

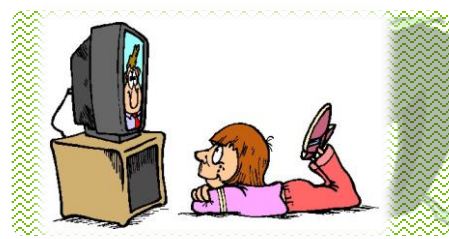

[Red dashed box for writing]

I enjoy watching

[Red dashed box for writing]

in my free time.

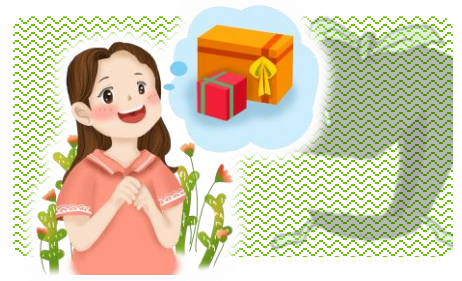

If I were rich,
I would buy

[Red dashed box for writing]

I wish I had

[Red dashed box for writing]

I like

[Red dashed box for writing]

better than

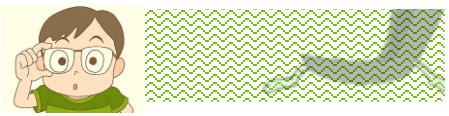

[Red dashed box for writing]

[Red dashed box for writing]

is more
(are)

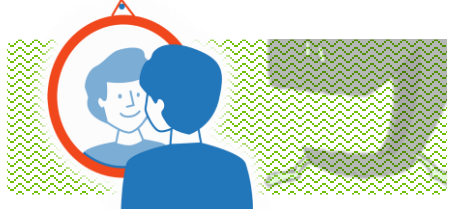

interesting than

[Red dashed box for writing]

If I could be
anything,
I would be

[Red dashed box for writing]

I wish I
could be like

[Red dashed box for writing]

When I'm bored,
I read about

[Red dashed box for writing]

I have never
eaten

When I'm angry,
I listen to the
sound of

[Red dashed box for writing]

I enjoy studying
in my free time.

[Red dashed box for writing]

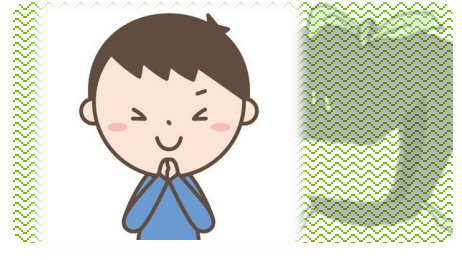

If I were popular,
I would have

[Red dashed box for writing]

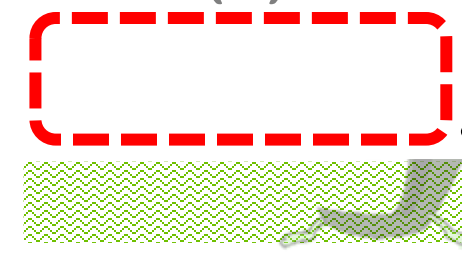

I wish I
could see

[Red dashed box for writing]

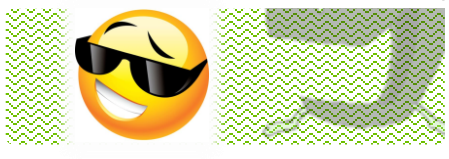

I think
look(s) like

[Red dashed box for writing]

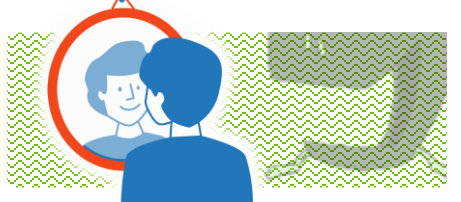

[Red dashed box for writing]
is as cool as
(are)

[Red dashed box for writing]

If I could see
anything,
I would see

[Red dashed box for writing]

I wish I
could meet

[Red dashed box for writing]

I want to know
about

[Red dashed box for writing]

I have talked to
before.
